

Secures any CONNECT Case for a fixed Installation

25 Degree Mounting Angle

Ships with USB-C Cable

Permanent Install on Table or Wall

POE+ Network Adapter Available

Use with iPad Power Adapter (sold separately)

Mount iPad Permanently on a Table or Wall, Minimally and Ergonomically.

Meet IPOINT WedgeMount, the minimalist and secure mounting accessory for IPOINT's CONNECT Case. Combine a WedgeMount with any IPOINT CONNECT Case to utilize the simplicity and protection of the Case-Enclosure and transform it into a fixed mount. WedgeMount is great for any table-top low-profile mounting use case like lobby check in, conference room control and more. You can also use WedgeMount on a wall, creating a 25 degree off-set.

In all scenarios, WedgeMount features a metal foot which can be screwed to any surface creating a a secure and permanent solution. WedgeMount ships with an IPOINT CONNECT USB-C cable so you can use iPad Power Adapter in the installation. Or, use the optional IPOINT POE+ Network Adapter and install inside the WedgeMount to provide POE+ Power and 100Mbps Ethernet LAN to iPad (Works with USB-C iPads only). WedgeMount is part of IPOINT's CONNECT MOUNT line of fixed mounting accessories.
